Education

UNIVERSITY OF TRANSPORT HO CHI MINH CITY

Third-year student majoring in Data Science

GPA: 3.5/4.0

Skills

- Proficient in Excel, SQL, Power BI, Python, and R.
- Skilled in using data visualization tools.
- Experienced in deploying models on Google Cloud and Google Colab.
- Strong reporting and presentation skills with clear and concise communication.
- Ability to analyze and identify solutions quickly.
- Teamwork skills: collaborate effectively with team members and cross-functional departments.
- Continuous learning mindset and ability to keep up with new technologies.

Career Objective

As a Data Science student, I aspire to work in a professional environment where I can apply my knowledge of Python, SQL, and data analysis to real-world situations. My short-term goal is to strengthen my skills in data processing and visualization, while my long-term goal is to develop into a Data Analyst or Data Scientist capable of building predictive solutions that support business decision-making.

Work Experience

(07/2024 - 09/2024)   CHIVAGO FRIED CHICKEN & BEER

Part-time service staff.

- Received and recorded customer orders, answered basic inquiries, and guided customers on combos or promotions.
- Collected customer feedback and supported efforts to improve service experience.

Activities

- Member of "Dau An Trai Tim" Club from 2021 to 2023.
- Volunteer – "Exam Season Support" Program.

Certifications

2025   Google Cloud Certificate.

Interests

- Traveling.
- Exploring new technologies in AI and Machine Learning.
- Taking online courses on data analysis.
